

Day of DE&I

This interactive workshop allows teams to spend the day deepening their understanding the language and business case for diversity, equity and inclusion, and the history that has shaped the need for intentional action to create more inclusive work environments where everyone thrives.

This 6-hour workshop is designed to:

- Provide foundational information to increase understanding of DE&I
- Identify types of bias and develop strategies to increase awareness and mitigate in the workplace
- Foster belonging with teams.
